AMENDMENTS TO THE CLAIMS

This listing of claims replaces all prior versions, and listings, of claims in the application:

1 1. (Previously Presented) A method of operating an on-line retailing operation for selling a
2 plurality of print products to a plurality of retail and business customers, said print products
3 supplied by at least one print merchant, said method comprising the steps of:

4 displaying a plurality of image items for on-line viewing by said retail customers at a
5 content retailer web site operated by or for a content retailer, said plurality of image items being
6 made available to said content retailer for public merchandizing at said content retailer web site
7 by at least one third party content provider;

8 offering a direct service to business customers for generating and ordering print products
9 out of their own content;

10 transacting orders of a first type between said retail customers and said content retailer
11 for supply at least one print product based on said customers ordering at least one print product
12 after viewing at least one of said image items at said content retailer web site, wherein the at
13 least one print product includes at least one of said image items made available for
14 merchandizing by said at least one third party content provider;

15 transacting orders of a second type between

16 (i) said content retailer and said print merchant for fulfillment of said first
17 type order by said print merchant; and

18 (ii) said business customers and said print merchant for fulfillment of business
19 customer orders by said print merchant; and

20 transacting an order of a third type between said print merchant and a print service
21 provider for printing and shipping said at one print product to either said retail customers or said
22 business customers on the basis of the print product ordered by the retail or business customer.

1 2. - 62. (Cancelled)

Appln. Serial No. 10/088,715
Amendment Under 37 C.F.R. § 41.33

- 1 63. (Previously Presented) The method as claimed in claim 1, wherein said step of
2 transacting an order of a first type comprises:
3 receiving a specification of said print products from said customer, said specification
4 comprising data selected from the set including: media size; media type; number of copies;
5 delivery name; delivery address; ink type.

- 1 64. (Previously Presented) The method as claimed in claim 63, wherein said step of
2 transacting an order of a first type comprises receiving a specification of said print products from
3 a customer terminal, in the form of an electronically transmitted data file.

- 1 65. (Previously Presented) The method as claimed in claim 1, wherein said step of
2 transacting an order of a second type comprises the steps: sending an order to said print
3 merchant, specifying details of said print products; and receiving confirmation of said order from
4 said print merchant.

- 1 66. (Previously Presented) The method as claimed in claim 65, wherein said step of sending
2 an order to a said print merchant comprises sending said order in the form of an electronically
3 transmitted data file.

- 1 67. (Previously Presented) The method as claimed in claim 1, further comprising the step of:
2 receiving a price data from said print merchant.

- 1 68. (Previously Presented) The method as claimed in claim 1, further comprising the step of:
2 obtaining an electronic image data describing a said image item; said electronic image data
3 obtained via a communications network; and electronically sending said electronic image data to
4 said print merchant.

- 1 69. (Previously Presented) The method as claimed in claim 1, further comprising the step of:
2 storing an electronic contract data describing a contract between a content retailer operation and
3 a print merchant operation.

Appn. Serial No. 10/088,715
Amendment Under 37 C.F.R. § 41.33

1 70. (Previously Presented) The method as claimed in claim 69, wherein said contract defines
2 a relationship between said content retailer operation and said print merchant operation in respect
3 of at least one of the following parameters; a definition of a print product; a special discount
4 available to a content retailer operation; a plurality of prices for said print products.

1 71. (Currently Amended) The method as claimed in claim [[89]] 69 comprising the step of
2 calculating a price data according to said stored electronic contract.

1 72. (Previously Presented) The method as claimed in claim 1, wherein said step of
2 transacting an order of a second type with a said print merchant, comprises: itemizing
3 separately, for each of a plurality of print service providers; a delivery price for delivery from
4 said print service provider to a delivery address; and a print price, for printing at least one print
5 product, defined in said second order type.

1 73. (Previously Presented) The method as claimed in claim 1, wherein said step of
2 transacting an order of a first type with said customer comprises: for each of a plurality of print
3 products: displaying a print product price; and displaying a separately itemized delivery cost for
4 delivery of said print product.

1 74. - 77. (Cancelled)
